CELEBRANTS

Fuze Ceremonies (<https://fuzeceremonies.co.uk/>)

Fuze are redefining what society has come to expect from ceremonies by creating and delivering a one-of-a-kind script that tell your stories in a way that truly represents who you are. Our moto 'Your Day, Your Way' encapsulates everything we believe a ceremony should be and the joy of having a Humanist ceremony is that it truly can be anything you want it to be.

Humanist Society Scotland (<https://www.humanism.scot/>)

Whatever you decide on, your HSS Registered Celebrant will work with you to create your perfect ceremony. One of the many benefits of a humanist ceremony is that you are involved in the writing of it. That means that on your special day the ceremony is a true reflection of your commitment to each other. Your celebrant will share your story and words with those celebrating with you; it really is as unique as the love you share.
